

Dear Sir/Madam,

I am upset that some officials may believe that the use of lights and noise until 9 p.m. on weeknights and on the weekends won't disturb our neighborhood. I and several of my neighbors live in an area directly overlooking Marin Catholic, and are always aware when there is a game due to the noise we hear. We are also affected by the traffic that leaves or arrives as it further congests Sir Francis Drake Blvd.

Many of us chose this neighborhood for its rustic qualities and the natural beauty it offers with all the trees, the mountains and spaciousness. Noise till later in the evening and on weekends ruins our peace and feels invasive. I do not support Marin Catholic's bid to increase the hours of light and noise in my neighborhood.

Frances Rapoport
