To Supervisor Katie Rice

Supervisor Rice, I was very happy to see the Marin Co. Planning Commission denied MC's petition to put 80' tall LED lights on their football field. It would have created much too much noise, traffic and pollution for the Greenbrae neighborhood.

I have a feeling that Marin Catholic will try again to get a permit for the lights. I hope you and your fellow supervisors act in the best interests of the residents and not for a privately owned parochial school. We live here and would have to endure many evenings of games and events that have nothing to do with our lives.

I do not mind people having activities and recreation as long as it does not impact others.

Thank you very much,

Steve and Helene Jaffe
