Subject: Marin Catholic field lighting project

Dear Ms. Drake

I attended the 1/27 meeting of the Kentfield Planning Advisory Board. During the meeting when members of the audience requested an existing example of the proposed lighting I believe the response was that there was only one example, located in Napa, CA - the specifics of that Napa example being available on the Internet.

I'm unable to locate that information. On the Planning Board's website there is a document that has maybe 15 examples of your engineering firm's work (page 5 December 21, 2015 letter from Zeigler Engineers Inc.) but none located in Napa.

Could you supply an example (name, address) of an existing lighting project that will have the same or similar attributes as your proposed project?

Thank you for your consideration
