Subject: Marin Catholic lights proposal

Dear Ms. Drake,

As I understand that on September 15, 2016 the County will render its decision on the completeness or incompleteness of Marin Catholic's revised application for lights on their football field, I am writing again to express my wife's and my strong opposition to the lights, the practices and the night football games.

We feel that the nighttime activity directly below our residence would be an unconscionable intrusion on the privacy and peace and quiet of our entire neighborhood. We are especially concerned with the nighttime crowd noise and the jarring noise from the drum line. As I mentioned in my previous letter, my wife and I are elderly, and we retire early in the evening. The noise at night would be far too loud for us to be able to sleep and would greatly diminish the quality of our lives.

Thank you for considering our concerns!

Yours truly,

Mark and Linda Peery
